Hygiene Direct are a 100% **locally owned** and **operated family** business, originally founded by William Love and wife, Lyn Love, in 2007. The founding director, William, was well regarded in the commercial cleaning and hygiene industry sectors, having over 30 years industry knowledge and experience, previously owning a well-known commercial cleaning company, Nu Look Cleaning Concepts.

As a company, we are committed to developing sustainable partnerships with all our clients and are always seeking to better understand our clients' business needs and challenges they face.

We implement tailored cleaning and hygiene solutions, spanning a large portfolio of product categories to address and eliminate hygiene challenges.

Our fully tailored, holistic, cleaning and hygiene solutions allow you to "carry-on with business-as-usual" knowing that you are safe in the knowledge your products and services are compliant, fit-for-purpose and delivering unbeatable value.

Hygiene Direct are well regarded in the FMCG Hygiene industry and have many transparent client relationships spanning 20+ years.

Hygiene Direct are focused on providing clients with the highest level of service, fast turn-around delivery, exceptional product quality, complimentary expert consultative advice available anytime, that only a family-owned, local operation can provide. We pride ourselves on our 98% DIFOT (delivered in full on time) personalized delivery service performance which we have continually maintained since forming in 2007.
